

ANTI-MILLER FORCES AT SARATOGA ORGANIZE

AGREE MAN WHO GETS 2/3 VOTE WILL BE CHOSEN

All Other Candidates Will Abide By Convention Decision

MEANS PARTY HARMONY

Fight At Primary Would Be Avoided Under Plan Adopted By the Conference

Saratoga Springs, July 27.—The opposition to the candidacy of Nathan L. Miller of Syracuse, former judge of the court of appeals, for the Republican gubernatorial nomination, crystallized this evening at a meeting of the representatives of the opposing candidates. It was agreed by the conferees that if any of the aspirants for the position of party standard bearer could muster a two-thirds vote in the unofficial state convention, he should be designated as the gubernatorial candidate and that the other contestants would abide by the convention's decision and not carry their fight into the fall primaries.

All of the anti-Miller forces, with the exception of the supporters of State Senator George F. Thompson, were represented at the conference, which was held in the rooms of Fred Greiner, Erie county leader, at Mr. Greiner's invitation.

How Candidates Were Represented.

Secretary of State Francis M. Hugo was represented by Addison Parker, Elton R. Brown, Assemblyman H. Edmund Machold and Meir Steinbrink; Charles Calkin and Daniel C. Richards appeared for Speaker Thaddeus C. Sweet; Mr. Greiner, Conrad E. Wetzler, John G. Wickes and A. T. Fancher represented John Lord; J. S. state superintendent of insurance, were cared for by Frank Utter; William A. Orr and Calvin McKnight appeared for Elton H. Hooker; William Earnes, Albany county leader, represented Senator Henry M. Sage; Judge Arthur S. Tompkins was represented by former Governor Benjamin B. Odell and John M. Dicker; while Cornelius V. Collins, Harry Lewis, Alva M. Hyde and Hans Dahl appeared for Supreme Court Justice Wesley O. Howard.

A poll of the group, based upon the claims of the managers of the various candidates, showed 519 of the 1,102 votes of the convention in opposition to the program to designate Judge Miller as the candidate for governor. Several of the speakers declared that Judge Miller was "unavailable" as a candidate, but William Barnes objected to this characterization, saying that while he did not consider him the strongest candidate, he did not think it proper to say that he was "unavailable."

Conferees Finally Reach Agreement.

After considerable discussion, the conferees agreed that if any candidate received a two-thirds vote of the entire convention it would demonstrate absolutely that he was the strongest and best qualified contender, and that in the face of such a showing the other aspirants ought to abide by the convention's decision and not subject the party to internal strife at the primaries.

The representatives of the various candidates thereupon communicated with their principals and later reported to the conference that the proposition was entirely acceptable. Secretary Hugo, who up to tonight had emphatically declared he would enter a primary fight, requested Elton R. Brown, a member of the resolutions committee, to place before the committee a proposition that the two-thirds majority plan be adopted in the form of a resolution by the committee.

This action on the part of Mr. Hugo lifted a great burden from the shoulders of the conferees, who had not looked with favor upon a primary fight by the secretary of state.

The conferees then decided that the managers of the Miller campaign ought to be advised of the action taken. They argued that perhaps Judge Miller, who has been characterized by his managers as the "drafted candidate," might not care to have his name presented to the convention in the face of concerted opposition. They also felt that the Miller managers should be party to the two-thirds agreement. Accordingly, a sub-committee consisting

of former Governor Odell and Mr. Fancher, was appointed to notify officials of the state committee that they wanted to meet the Miller people. It was said in the conference that the meeting ought not to be held in the headquarters of the state committee on the grounds that Chairman Olynus, Congressman Bertrand Saeli, William H. Ward, the Western county leader, and George W. Aldrich, leader of the Monroe county Republicans, had been too pronounced in their advocacy of Judge Miller's designation.

Meet in Miller Headquarters.

A meeting in the Miller headquarters was arranged. Messrs. Ward and Aldrich spoke for the Miller managers, and each of the opposing candidates was represented. Mr. Barnes, appearing for Senator Sage, Mr. Parker for Secretary Hugo, Ex-Governor Odell for Judge Tompkins, Mr. Utter for Superintendent Phillips, Mr. Collins for Judge Howard, Mr. McKnight for Mr. Hooker, and Mr. Calkin for Speaker Sweet.

Spokesmen for the opposition explained that they were opposed to Judge Miller because they thought he was not the strongest candidate who could be named. They set forth their combined strength in votes, recounted the action of their own conference, and asked the Miller representatives if they would not agree to a two-thirds rule.

The Miller representatives were unwilling to do this, but they said they had no particular objection if the two-thirds vote should be adopted in open convention.

There was some talk of a compromise candidate, but each representative of the candidacy could see only his own man as a compromise, and, consequently, the conference broke up without any real accomplishment.

Throughout the day the Miller boom, which last night had assumed the proportions of almost certain designation as the party's choice for governor, showed signs of waning, and rumors of compromise candidates were widely circulated in the convention hall and about the hotel corridors. Jesse S. Phillips and Judge Howard were prominently mentioned in this connection and reports that each man looked like the "harding of the convention" were given wide publicity by supporters of the respective candidates.

Heated Discussion Over Wadsworth.

United States Senator James W. Wadsworth Jr. continued to be the subject of heated discussion and while no definite decision was reached that he be designated by the convention as a candidate for reelection, it was generally understood that the leaders had agreed upon that course.

The Wadsworth candidacy caused a heated debate at a meeting of the women's executive committee of the Republican state committee this evening. Mrs. McNamee of Orange county, in an address to the women, declared that Senator Wadsworth should not be returned. Immediately Miss Elizabeth Collier, a Brooklyn delegate, jumped to her feet, saying that Senator Wadsworth would be detrimental toward everything for which the women stood. She quoted from a speech by the late Theodore Roosevelt adversely criticizing the senior senator.

In reply to Miss Collier, Mrs. Corinne Roosevelt Robinson, sister of the former president, said that her brother's words were uttered six years ago and that it was doubtful if he would now take the same attitude towards Senator Wadsworth, because of the latter's "splendid war record."

In connection with the Wadsworth situation, there was made public a letter from Congressman Norman R. Gould, northeastern manager of the Leonard Wood presidential campaign, saying that Wood supporters were not justified in criticizing Senator Wadsworth's "attitude and action" as chairman of the New York delegation at the Republican National convention.

The convention held its opening session today, effected a temporary organization, listened to the keynote speech of Temporary Chairman David Jayne Hill, appointed the regulation convention committees, and adjourned until tomorrow forenoon, when permanent organization will be perfected with Colonel William Hayward of New York as chairman. The party platform will be presented to the convention at tomorrow's session, and some time during the day or evening, it is expected, the balloting will be begun on the designation of a gubernatorial candidate.

SOLDIER KILLED, CONSTABLES WOUNDED, IN IRISH OUTRAGES

Cork, Ireland, July 27.—One soldier killed, two constables wounded, and a courthouse burned, were the results of disturbances in various towns of this section in the past 24 hours. The soldier, who was lance corporal attached to a regiment at Bandon, was shot dead mysteriously this morning. The constables were ambushed and seriously wounded by bullets at Lisnave, North Kerry, last night, when also the Portliskane courthouse was destroyed by fire.

COOLIDGE CALLS FOR RETURN TO A PEACE BASIS

Urges We Summon Forces to Solve Reconstruction Problems

APPROVES SUFFRAGE

Commends Republicans For Opposition to League Covenant in Acceptance Speech

Northampton, Mass., July 27.—Governor Coolidge, in an address formally accepting the Republican nomination for vice president at notification ceremonies here today, urged the country to summon its forces to solve the problems of reconstruction. He devoted the greater part of his address to a discussion of domestic issues, but called first for a "return to a thoroughly peace basis because that is the fundamental American basis," and before domestic problems can be solved, he added, there must be a return from "the voluntary autocracy" established in the emergency of war to a government as exercised under the doctrine of the separation of powers.

In discussing the league of nations, the governor commended the Republican senators for their opposition to the covenant without reservations as submitted by the President, terming the league in that form "subversive of the traditions and the independence of America." But the Republican party, he added, "approves the principles of agreement among nations to preserve peace and pledges itself to the meeting of such an agreement, preserving American independence and rights, as will meet every duty America owes to humanity."

The exercises were held on Allen Field, the athletic grounds of Smith college, at 3 o'clock this afternoon before a crowd of several thousands which stood throughout the program.

The governor spoke from a mound which formed a natural platform and stood under a canopy flanked at either side by the Stars and Stripes and the state flag of Massachusetts. With him on the platform was Senator Lodge, former Senator John W. Weeks, of Massachusetts, and other party leaders.

Governor Coolidge's declaration in behalf of woman suffrage was the signal for an enthusiastic demonstration. He said that he always voted for it, but did not regard it as a party question. The Republican party, he said, "stands pledged to use its endeavors to hasten ratification, which I trust will at once be accomplished." The governor followed his manuscript closely and spoke in an even tone which carried well. Only occasionally did he employ much inflection or gestures. His address was punctuated with applause from an audience which from the first showed eagerness to do him honor. When he concluded, he was accorded another ovation led by Senator Lodge. The crowd closed about Governor Coolidge to extend congratulations.

The address of notification was given by Governor Edwin T. Morgan of Kentucky, who referred especially to the league of nations, saying, "It is fitting that in Massachusetts at this fountain of American inspiration we solemnly determine that the heritage which made us free, independent, and prosperous shall not be bartered for a mess of unknown potage."

Summary of Coolidge Address.

Rescue from the reactions of war was described as the transcendent need of the nation in the governor's address. "The chief task that lies before us," he said, "is to repossess the people of their government and their property."

Governor Coolidge found another source of grave public concern to be "the reactionary tendency to substitute private will for the public will." He said there had been a disposition on the part of some individuals and of groups to inquire whether they liked the law, and if not, to disregard it and prevent its execution by the method of direct action. "The observance of the law," he said, "is the greatest solvent of public ills." He deplored attempts to create class distinctions.

Discussing economic relations, Governor Coolidge declared the extravagant standards of recent years must be eliminated and a revision of taxation be accompanied by a reduction of private extravagance. He urged a different public attitude toward industry, a larger comprehension of the interdependence of capital, management and labor, and better facilities for the prompt and reasonable adjustment of industrial disputes. The need of the farmers, he said, is an enlarged power of organization whereby the original

Auburn Prison Inmate Is Murdered in Gang Fight

Auburn, July 27.—Phillip Nissman, 24, a convict in the state prison here, was murdered in the prison yard by fellow inmates to-night following a series of fights in which several convicts participated. Nissman was stabbed through the heart with a knife.

P. J. O'Donnell, another convict, was seriously wounded. Prison officials declared the killing of Nissman was the result of a "gang fight," but it was learned that feeling existed among many of the inmates as a result of the election of the mutual welfare league yesterday, when new officers were chosen.

COX MAKES PROGRESS ON ACCEPTANCE SPEECH

Has Long Conference With Pomerene Regarding Continuance of Campaign Expenses Probe

Dayton, Ohio, July 27.—Governor Cox today made what he termed a "big hole" in the work of drafting his address accepting the Democratic presidential nomination, and also had a long conference with Senator Pomerene of Ohio regarding continuance of the Senate's investigation of campaign expenditures.

The governor learned from Senator Pomerene that the latter already had written Senator Kenyon, Republican, requesting continuance of the inquiry. Mr. Pomerene, who is a Democratic committee member, said he had not yet had a reply from the chairman but had no doubt that the investigation would proceed and into states as well as the national campaign.

"The investigation is justified," said Senator Pomerene after his visit with the Democratic candidate.

Asked regarding Governor Cox's recent charges that the Republicans were raising a campaign fund sufficient to shock the sensibilities of the nation, Senator Pomerene said:

"Some months ago there were rumors reaching the committee of efforts to underwrite both campaigns. These have, to some extent, been confirmed. The rumors applied to both Republicans and Democrats, but particularly to the Republicans. The public has a right to know if any excessive amounts are contributed or expended."

Harding Sees Party Leaders.

Marion, Ohio, July 27.—Various subjects relating to management of the Republican campaign were discussed today by Senator Harding in a series of conferences with party leaders from several sections of the country.

One of the callers was John T. Adams of Iowa, vice chairman of the national committee, who reported on conditions in the West and told the nominee his acceptance speech had made a great hit there. He predicted that the Republican ticket would "sweep the country."

During the day, the nominee had hoped to begin preparation of his speech to be made here Saturday before a delegation from Mansfield, Ohio, but he said tonight he had not yet even decided what subjects he would discuss. He indicated that he might not confine it to one subject, and was considering discussion of several issues that only were touched on in his speech of acceptance.

Support from the National Roosevelt league was promised today in a letter from its president, Bela Tokaji, who wrote: "Permit me on behalf of the officers and members of the National Roosevelt league to commend you on your common-sense address accepting the nomination. The salient points in that speech thoroughly appeal to all hundred per cent Americans. Those citizens who do not measure up to the Americanism you are advocating count very little on election day. We pledge you our hearty support. You have our best wishes for success."

TRANSCONTINENTAL AIR MAIL.

Washington, July 27.—Air mail service from New York to San Francisco is expected to be inaugurated the first week in September, Assistant Postmaster General Praeger announced today.

producer may profit to a larger degree by the higher prices paid for his produce by the ultimate consumer and at the same time decrease the cost of food.

Republican Opposition was "Deserved." "The proposed league of nations, without reservations as submitted by the President to the senate met with deserved opposition from Republican senators," said Governor Coolidge.

"Our party by the record of its members in the Senate and by the solemn declaration of its platform and by promise approves the principle of agreement among nations to preserve peace and pledges itself to the making of such an agreement, preserving American independence and rights, as will meet every duty America owes to humanity. This language is purposely broad, not exclusive but inclusive. The Republican party is not narrow enough to limit itself to one idea but wide and broad enough to provide for the adoption of the best plan that can be devised at the time of action."

WARNS AGAINST THE RED MENACE

Ludendorff, German War Leader, Sees Bolshevism Eventually Sweeping Whole World

POLES FACING DEFEAT

Lenine Forces Then Will Sweep on France, Germany and England, He Asserts

Washington, July 27.—Victory for Soviet Russia over Poland would result in Bolshevism sweeping all of Europe and eventually the entire world, in the opinion of General Erich Ludendorff, the famous German war leader. His views are set forth in a specially-prepared and hitherto unpublished memorandum on "The Dangers of Bolshevism," written last month and received here today in official circles.

Poland's fall will entail the fall of Germany and Czechoslovakia, General Ludendorff says. "Their neighbors to the north and south will follow. Fate steps along without elementary force. Let no one believe it will come to a stand without enveloping Italy, France and England in its hideous coils. Not even the seven seas can stop it."

Addressing himself to the "civilized nations as a man who knows war," General Ludendorff pleads that his message not fall on deaf ears.

"Then it will be too late," he declares, "and the present civilization will crumble as did that of Greece and Rome. And the cause will be the obsolescence of governments and the lethargy of the bourgeoisie, as the latter allow and everywhere like to starve quietly at home on days of decisive events."

Easy to Foresee Red Victory.

"Bolshevism is a monster that must advance to exist. It is advancing now in a gradual progress from east to west and is crushing everything between the midland sea and the Atlantic ocean."

"It was easy to foresee that the Bolshevik army would attack toward the middle of May and defeat the Poles as they have now done."

"The world at large must, therefore, figure with a Bolshevik advance in Poland toward Berlin and Prague. Lithuania is already joining Soviet Russia and is demanding a slice of the Prussian province of East Prussia. The moment will come when the Bolshevik army will menace Germany and Czechoslovakia directly."

"I described the impending menace of Bolshevism in my interview with the press early in February. My warnings were a cry in the wilderness. These menaces are now a reality. Lenine has advanced his line to the frontiers of China, Afghanistan, Persia, and India, and is now preparing to continue his victorious progress."

"The Bolshevik enterprises and counter resistance east of Lake Balkan on the part of Japan and General Semenov, the tenacity and the superior shrewdness of the Japanese, makes it possible that the Bolsheviks will meet with reverses in that quarter. However, the Bolsheviks have the inner line in the direction of India and Persia no less than in Europe. Japan's turn will be later."

ALLIES REFUSE TO ALTER PLANS FOR SOVIET PARLEY

(By The Associated Press)
Bologna, France, July 27.—Premiers Lloyd George and Millerand determined at their conference here this afternoon to stand by the original plan for a peace conference with the Russian Soviets. They also outlined execution of the financial parts of the coal arrangements with Germany.

Mr. Lloyd George accepted in the main M. Millerand's views and it was decided Great Britain should reply to the Soviet demand for an international conference that it could not take place unless the Bolsheviks revert their present attitude and agree to discuss there at peace with Poland, and that all qualified representatives of Russia and the border states should attend.

TURKISH COMMANDER AT ADRIANOPLE SURRENDERS

Constantinople, July 27.—Colonel Jafar Hayer, Turkish nationalist commander at Adrianople, and his entire staff, were captured by the Greeks when the latter entered Adrianople. Consequently, nationalist resistance in Thrace virtually has ended, as there is no other important Turkish leader here.

TO PROBE NEWARK 'FRACAS'

Trenton, N. J., July 27.—Governor Edwards today ordered a sweeping investigation in the management of the Fulton-Wills boxing bout in Newark last night, when it is alleged, that hundreds, who had paid as high as \$15 and \$20 for admission tickets were unable to get into the arena because of the inadequate system of handling the crowd.

THE AMERICA'S CUP STAYS IN AMERICA

Defender Resolute Captures 1920 Regatta Decisively

EASILY WINS TUESDAY

Chief Contest Is Against Time, As Limit Was Nearly Up When She Crossed Finish Line

Sandy Hook, July 27.—The America's cup stays in America.

This was decided shortly before sundown today when the American defender, Resolute, captured the 1920 regatta 3 to 2 by defeating Sir Thomas Lipton's Shamrock IV in the last race. The defender outslung the green sloop decisively for boat in the last contest of a spectacular series, the closest and most hard fought in the history of the precious trophy, crossing the finish line at 7:52:22 unofficial time, only about 25 minutes before expiration of the six hours' time limit.

Indeed, the last half of the race resolved itself into a race of the defender against time, with the fate of the contest resting on the wind, for the challenger was about one mile astern when the American sloop flashed over the line.

It was a 30 mile windward and leeward course, this final contest of 1920, started in light airs after postponement at 15 minute intervals for two hours and a quarter.

After having been led by the challenger two-thirds of the distance to the first mark on the windward leg, Resolute crossed her bows ten miles from the start and breezed into a lead which she maintained and steadily increased to the finish line. By the time 22 miles of the course had been covered, the defender, a mile and a half in the lead, reached back and forth on her way to the finish mark. At one time, towards the end, she was two miles ahead of Shamrock, but the challenger came up to within a mile at the finish.

Lipton Cheers the Victor.

While waiting for Shamrock to finish, the steam yacht Victoria ran down to Resolute and all hands, led by Sir Thomas Lipton, gave the victor three cheers. The spectator fleet gave the defender such a noisy welcome as she crossed the line that it could be heard ten miles away on shore.

Shamrock finished at 8:05:34 unofficial time.

The elapsed times were: Resolute, 5:35:15; Shamrock, 5:43:20. In other words, Resolute took 13 minutes and five seconds less time than Shamrock to cover the course.

With the time allowance of six minutes and 40 seconds, which the defender received from Shamrock, the corrected time was 5:41:40.

Despite failure of his fourth attempt to lift the cup, Sir Thomas Lipton has announced his intention of challenging with a new Shamrock in 1922 unless in the meantime another challenge is handed the New York Yacht club, which retains custody of the cup.

In capturing the series and retaining possession of the America's trophy, Resolute came from behind after Shamrock had taken two races and won out by registering three straight and impressive victories. Shamrock IV won the initial race when the defender was forced out by an accident to her rigging and captured the second in a fierce wind that left Resolute derailed most of the way. Resolute won the third by her time allowance of seven minutes and ten seconds, running a dead heat with the challenger. Her other two victories were won boat for boat.

Sir Thomas Lipton, owner of the green challenger, voiced what appeared to be the unanimous verdict of yachtsmen who had seen the five races when he declared tonight that "the better boat won."

Rare Setting for Final Race.

Nature provided a rare setting for today's historic finish. The sun, a great fiery ball, was fast dropping through a red and purple haze over the point of Sandy Hook when Resolute swiftly through the deep green water with billowing white sails silhouetted against the haze, bore down on the mark.

A moment later, she flashed across the golden finish line that the setting sun had laid down on the rippling water between the squat Ambrose channel lightship and the committee boat Barnegat.

A little more than a mile behind Shamrock IV was coming about for the run to the mark after a reach out from the Jersey coast, when the white signal ball of the Barnegat dropped and the shrieking of whistles and sirens from the little fleet of spectator craft proclaimed Resolute's victory.

Shamrock was striving to shorten the intervening gap. But as if to emphasize the great difference in time between the two finishes, the flaming sun dropped like a plummet into the deepening haze and the pale moon which had been but dimly traced against the sky when the Resolute finished, stood out with increasing radiance.

When Shamrock finally got over the line, the sun was but a shadowy circle on the horizon beyond the haze

and the shimmer on the water had faded from gold to silver. Resolute, by this time, had described a great circle, and had come back to the mark to see her rival finish. As the challenger crossed the mark, her British crew let out three ringing cheers for the victor, and the conquerors responded with lusty cheers for Shamrock and her crew.

"Best Boat Won," Says "Tom."

Aboard Steam Yacht Victoria, July 27. (By Wirephoto to the Associated Press).—"I am very sorry, but the best boat won," said Sir Thomas Lipton's remark as Resolute crossed the line a victor today and defeated the Irish baronet's fourth attempt to capture the trophy.

"We all did our best, skipper, designer and crew, and we have been beaten fair and square," said Sir Thomas. "I have been treated throughout with the greatest fairness and sportsmanship by Americans and I am taking home the very best memories of this contest."

"I shall wait till next year to give someone else a chance to challenge and then I shall re-challenge myself. I have no excuses to offer; Resolute's the best boat."

MANY U. S. DESERTERS IN PARIS

All of Them Have Reputation of Carrying Guns and Being Bad Men Generally.

Paris, July 27.—Deserters from the American army that came to France still number 1,500 in the Paris district alone, according to a report made today by the Paris police to Captain J. A. Varden, who is supervising apprehension of the deserters in addition to investigating bills still being presented against the American expeditionary forces.

As these deserters all have the reputation with the French police of carrying guns and being bad men generally, the police simply notify the American authorities from time to time of their presence in some particular place but do not attempt to arrest them.

In some weeks the arrests of deserters have averaged as high as ten. The men not only carried guns but were armed with remarkable sets of personal papers, including forged army discharges and forged army orders.

The lairs of the deserters are mostly in Montmartre in secret underground passages.

They are virtually penned up in Paris, not daring to stir outside the city.

The number of deserters in Paris is steadily decreasing however. As soon as all alarms have died down the military police swoop down again on suspected places and usually the next day a convoy starts for Coblenz, where courtmartial sit almost continually. Sentences of less than six months are served there and greater sentences in America.

JACK DEMPSEY MATCHED TO BATTLE BILLY MISKE

Chicago, July 27.—Jack Dempsey, heavyweight champion of the world, was matched late today to meet Billy Miske of St. Paul in a ten-round heavyweight championship at Benton Harbor, Mich., on Labor Day. The champion, according to announcements by Promoter Fitzsimmons, has been guaranteed \$50,000, with a privilege of accepting a percentage of the receipts, while Miske has been guaranteed a flat \$25,000. Miske has promised to establish training quarters in Benton Harbor four weeks in advance of the contest and also to call off two scheduled matches.

The fight will be to a decision, provided Dempsey agrees, Promoter Fitzsimmons announced. The contest will be staged in the open air arena in which Benny Leonard defended his title against Charles White on July 5.

MAN ANSWERING LEROY'S DESCRIPTION IS ARRESTED

Lawrence, Kansas, July 27.—A man answering the description of Eugene Leroy of Detroit, sought in connection with the murder of a woman whose body was shipped in a trunk from Detroit to New York, was arrested near here tonight. The man was working with a threshing crew.

The man gave the name of Dillard Ashley of Sadler, Kan., and said he had an army discharge and identification at Omaha.

The arrest was made on information from Kansas City and the man is being held awaiting the arrival of Kansas City officers.

SOFT COAL FOR NEW ENGLAND.

Washington, July 27.—Preference and priority in the movement of bituminous coal for New England was ordered today by the Interstate Commerce commission.

The commission also ordered an embargo against tide-water shipments until final consignments to England were filled.

CUBS LOSE AT SCRANTON

PENNSYLVANIANS BUNCH HITS OFF KIBBE AND WIN, 5 TO 2.

Local Boys Put up Strong Fight in First of Money Series, With Kibbe Pitching Good Ball—Onontans at Milford.

In the first game of a series for a purse of \$1,000, Weidman's Cubs were defeated yesterday at Scranton by the score of 5 to 2. The game was a fast one throughout and at no time was the final outcome certain. Scranton succeeded in bunching hits in the fifth and seventh innings, however, and brought in four runs, adding another in the eighth. Kibbe was on the

ground for the Cubs and pitched a fine game, also being given good support.

The feature of the game, which was played before a record crowd of 1,762, was Catcher Jimmie Boylan's catch of a foul fly that came down near the grand stand and in catching it, Boylan ran his head against the stand and suffered a bad cut. He refused to quit the game, however, and continued his good work throughout. Although regretting that they lost the first game of the series, the Cubs nevertheless put up a good fight and in the ninth nearly tied the score. They had three men on bases, with no outs, but Scranton pulled a double play and two of the Onontans men were disposed of, thus ending their hopes.

The Cubs will return to Oneonta this morning and go away again this afternoon to Milford, where they will play the strong Milford aggregation.

The box score of yesterday's contest was not available last night, but the score by innings follows:

R H E
Scranton .. 000020210—5 8 1
Oneonta .. 020000000—2 8 4
Batteries—Brazil and Davis; Kibbe and Boylan.

Umpires—Kelly and Brodie.

ALL STARS DEFEAT "Y" TEAM

Association Men Outplayed and Drop Game by 13-6 Score.

In a one-sided game last evening at Neahwa park, the Italian All Stars defeated the Y. M. C. A. baseball nine by a score of 13 to 6. The game was called in the eighth inning on account of darkness. The "Y" team was clearly outplayed but they attribute their poor showing to the fact that they had not been playing together in several days. The two teams will probably come together again at an early date.

Mathews pitched a good game for the Stars and was given fine support. Several times with "Y" men on second and third, he pulled himself out of the situation and prevented the men from scoring. The association team used three pitchers. Bolton, the south paw, started the game but exhibited wildness and was relieved by Pedrone in the last half of the fourth inning. Perry finished the game for his team, desiring to try out his pitching arm.

The All Stars had little difficulty in clouting the pill, and as the "Y" infield was in ragged form, they ran in plenty of runs. The Stars were quite pleased with their victory and after the game their manager announced that he would be willing to play any local team desirous of a game. The Stars are arranging for a game with the Italian American Athletic association in Schenectady and hope to take their team there in the near future.

In addition to the pitchers, previously mentioned the line-up of last night's game follows:

STARS
Farone ss
Joe Diello lf
John Diello 1b
Molinar 2b
B. Diello 2b
A. Diello rf
Pondolano cf
Chicorelli c

Following is the score by innings:

R H E
All Stars .. 0044410X—13 12
Y. M. C. A. .. 20000103—8 7

UNUSUAL BASEBALL SPUNT.

Double Steal of Home Plate Successfully Made by Windsor Team.

Baseball is at the fore wherever fans gather and they are pleased to note more team work and some in-

side base ball being staged by the Cubs. Talking of resourcefulness. Recently a fan related a novel play successfully pulled off by the Harpursville team of last summer, which was managed and directed by A. O. Perkins, who owns the hotel at that village.

Late last year with his team pitted against Greens and the score tied at two each on the Greens diamond, he managed to get runners on second and third with but one out. He was confronted, however, with two weak batters. Recalling that he had a fast runner on second and that with a man on third the man on second could work well up to third on each delivery by dodging back when required.

The signal was passed when the catcher tossed the ball to the pitcher to both to make a break for the home plate. It was done and when the base runner on third reached the plate the catcher had the ball waiting for him. He ducked to the right and was caught. The second base runner had overtaken him nearly and as the first ducked to the right at the plate, the second runner ducked to the left and slid across the plate before the catcher had time to tag him with the one run needed, which proved sufficient to win the game. The play is new at least to the writer and certainly deserves to be passed along.

LIQUIDATION ASSUMES GREATER PROPORTIONS

Yesterday's Turnover of One Million Shares Largest and Most Varied in Weeks

New York, July 27.—Liquidation in the stock market assumed more formidable proportions today, the turnover of one million shares being the largest and most varied of any session in many weeks. An aggressive short interest emboldened by recent success accelerated the decline, but hurried to cover in the last hour, when a considerable part of the loss was recovered.

The rebound was primarily attributed to sudden easement in the money market, call loans falling to eight per cent after having held firm at nine from the outset. A few speculative stocks, notably Crucible Steel and Houston Oil, ended at substantial gains.

Foreign exchange made no perceptible response to announcement that American bankers had obtained another small consignment of gold in the London market. Cables from the British metropolis touched on a possible industrial crisis in connection with latest demands of the coal miners.

The only definite development of financial interest during the day, publication of the second quarterly report of the United States Steel corporation, did not materialize until after the close of the market. Total earnings of \$13,155,705, compared with \$42,089,019 in the previous quarter, were several millions under popular estimates.

Bonds reflected in a general way the feeling of pessimism so long prevalent in the stock market. Liberty issues were materially lower on heavy offerings, and pressure was seen in many of the better known railway and industrial bonds. Old United States bonds were unchanged on call.

DOROTHY DALTON

Her jealous American husband thought she was dead. But here she was in Paris, having the time of her life!

And when he came to France—met her as a Russian countess—failed to recognize his "dear departed"—fell heels-over-head in love with her—that stars something you'll want to see.

A photoplay with a twist that's different. Dashing Dorothy Dalton in three distinct roles.

Better and Funnier Than "23½ Hours Leave" and "What's Your Husband Doing?" A Great Play—A Greater Picture

Washwear that stands boy play

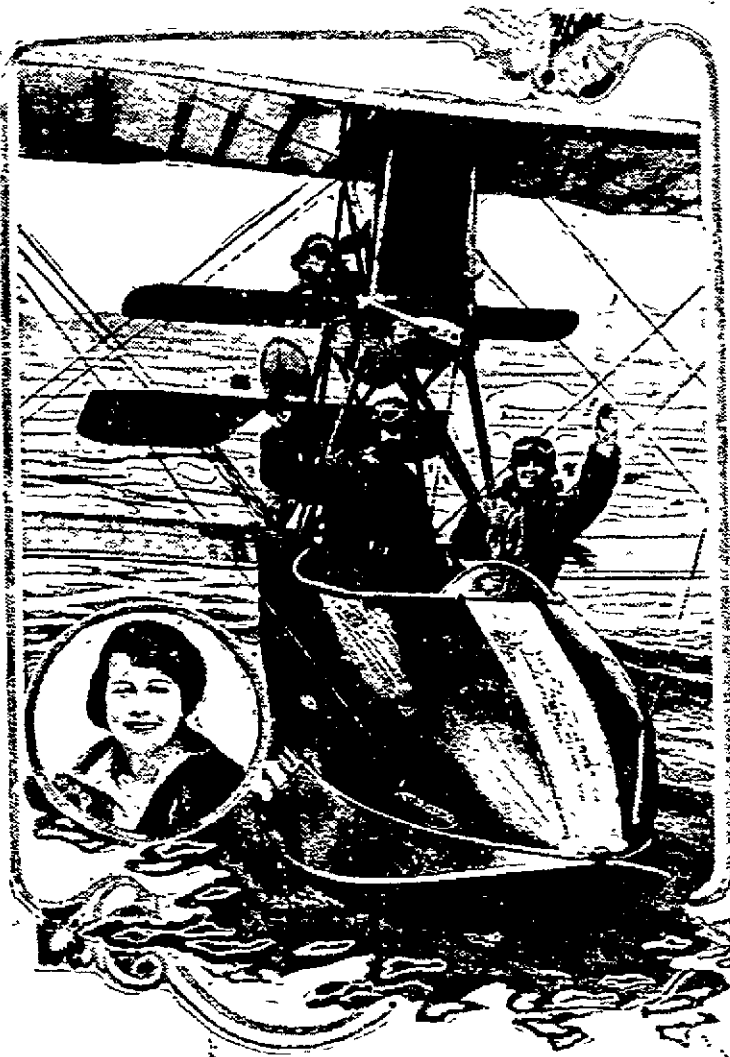

Tom Sawyer Washwear looks better and wears better because it is made so much better—you notice this the moment you see it. Tom Sawyer cloth is extra strong. The colors are fine, even and fast—repeated washings do not fade them. The patterns are manly—boys like them.

You will admire the tailoring. Every garment is roomy, and reinforced where strains come. Yokes double. Collars set right and sleeves hang right. Strong buttons are sewed on to stay, and buttonholes don't tear out. Hems and outlets are deep—seams and edges are finished. Ties, belts and trimmings are the best quality.

Dorothy Dalton Makes First Passenger Trip From New York to Albany Via Seaplane.

DOROTHY DALTON did her first bit of air travel in New York recently. Incidentally, she was the only passenger on the first passenger-carrying trip made by seaplane between New York and Albany. At Albany, Miss Dalton called on Governor Smith, who officially welcomed her. Miss Dalton is going to spend some time in New York.

WEST ONEONTA NEWS.

Ice Cream Social and Church Supper Among Week's Activities

West Oneonta, July 27.—The Christian Endeavor Society of the Free Baptist church held an ice cream social in the church parlors Tuesday evening.

Church Supper.

The Women's Mite society will meet at the church Wednesday afternoon. Supper will be served beginning at 5 o'clock.

Local Mention.

Miss Emmet and Howard Potter spent the week-end with relatives at Mt. Vision. — Mrs. Morton Comstock and son, Richard, were recent guests of Mrs. Carrie Thomas. — Mr. and Mrs. Howard Miner of New York City left Saturday for a visit in New Hampshire after spending the past week at Dr. Miner's. — Mrs. Emma Potter of Mt. Vision is visiting at the home of her son, H. H. Potter. — Misses Opal and Maibe Harris of Otego are guests of Miss Jessie Jenks. — Mr. and Mrs. Paul Smith and daughter, Lillian, have been spending a few days with relatives at Sherman, Pa. — Mrs. Stacey and son of Schenectady are visiting relatives here. — Miss Clara Hunt of Otego is the guest of her aunt, Mrs. Stella Jenks. — Miss Jane Simons of Fly Creek is visiting her cousin, Miss Leila Hotchkiss. — Mr. and Mrs. S. C. Miller and family spent Sunday at William Putnam's. — The Home Economics club will meet at the home of Mrs. George Webster Thursday afternoon, and it is hoped that every member will be present. Miss McMartin is expected to be present and will demonstrate tailor finishes and fancy decorative stitches.

PORTLANDVILLE JOTTINGS.

Portlandville, July 27. — The Sewing circle will meet with Mrs. H. E. Packer, Wednesday afternoon. — Mr. and Mrs. Hubbard Pride, accompanied by Mr. and Mrs. James Peet of Milford Center, went to Sloanville Sunday, where they attended church and spent the remainder of the day with Rev. and Mrs. O. L. Cooper, a former pastor of the Milford Center Baptist church. — Born, Monday morning, to Mr. and Mrs. William Shuttles, a son, weight 9 1/4 pounds. — Glenn Chauncey and family are guests of their cousins, Mr. and Mrs. Herman Packer. — Mrs. Vandusen and Mrs. Mowers returned on Sunday from a visit with Mr. and Mrs. George Applegate at Johnson City. — Mr. and Mrs. Charles Tripp and mother, Mrs. Emerette Tripp, Claude Tripp and

Hubbard Pride attended the funeral of Mrs. Lucy Pride at Mt. Vision Monday afternoon. — Mr. and Mrs. Dumbly of Utica are spending their vacation with their parents, Mr. and Mrs. Bert Barney. — Clarence Perry and family returned from Kortright Sunday, where Mrs. Perry had been caring for her aunt, Mrs. Daniel Bunk. Mr. Perry and son, Eugene, returned to Kortright Sunday evening. — Mrs. Jesse Card and Mr. and Mrs. Edwin McIntire of South Hartwick and Frank Whiteman of Laurens were guests of W. L. Wellman Sunday. — Miss Parker of Brooklyn is visiting Rev. and Mrs. Elwood at the Methodist Episcopal parsonage.

EXCITING BASEBALL GAME.

Goodrich's Home Run Gives Wells Bridge Victory Over Canadilla.

Wells Bridge, July 27. — In a fast game at Canadilla last Saturday afternoon, the Wells Bridge nine was victorious by a score of 10 to 3. At the end of the ninth inning, the score was 9 to 3 and an extra inning was played. It was in this inning that Dewey Goodrich, one of our local boys, got his eyes on the ball and sent it a clout that brought him a home run, this giving Wells Bridge the victory. The game was one of the best played in this section in a long time and the outcome was never a certainty. The local boys are especially gratified that they were able to defeat their opponents on the latter's grounds.

Bicycle Collides with Auto.

While riding his bicycle along the highway the other day, Lafayette Root, a ten year old Wells Bridge boy, collided with a truck run by Binghamton parties and was thrown to the road with considerable force. Although greatly frightened, the lad escaped practically unharmed and says he is ready for another bicycle, his machine being demolished by the truck last week.

People You Know.

Kate Youmans of Elmira, with her cousin, James Stowe, of Binghamton, were Sunday guests of John Youmans. — Charles Youmans of Cleveland, Ohio, visited friends in this vicinity last Thursday. — Mr. and Mrs. Fred Cornell and son, Louis, of Massville, and Mr. and Mrs. S. I. Youmans of this village spent Saturday and Sunday at the Rootville farms. — William Sisson and family, with Miss Clara Holmes, are spending a short time at Camp "Lena Wingo." — A party of our young people held a party at the Sequeste inn last week. Music and dancing were in order and everybody had a fine time. — A horse on one of the Rootville farms was killed last Friday night during the thunder storm by a bolt of lightning.

AT MILFORD CENTER.

Family Picnic at Egbert Duell's—Local and Personal Mention.

Milford Center, July 27. — Last Friday was the occasion of a gathering of the grandchildren of Egbert Duell at the farm home at Milford Center. A splendid dinner was served in the shade of the old apple tree, the day was perfect, and all enjoyed the visit at the old home. Mr. and Mrs. Robert Warren, Mrs. Frank McClesky and two sons, Mrs. Harry Duell and daughter, and Mrs. Bert Thompson and son, all of Oneonta, were present.

Heard About Town.

The Home Economics club met with the Colliers' ladies at the Red Cross rooms Tuesday at 2 p. m. A very interesting program has been prepared. — The Sunday school of the Baptist church will hold a picnic at Three Mile Point Tuesday, August 3. — Mr. and Mrs. Maian Arnold and son, Leslie, are touring the western part of the state. — Mrs. Willard Uter of East Meredith spent last week with her sister, Mrs. Lizzie M. Squire. — Mrs. Benjamin Uter is on the sick list. — Frances Murphy and D. Van Ness of Cobleskill were callers here Sunday. — Anna Ferguson entertained a number of her friends last Thursday, the occasion being her eleventh birthday. The afternoon was spent playing games. Delicious refreshments were served. — Mrs. B. L. Squire and son, Clyde, spent the week-end with her mother, Mrs. Flora Segen, of Oneonta. — W. Clyde Wright visited his grandparents, Mr. and Mrs. William Wright, of Oneonta, last Friday and Saturday. — Mrs. Mary Morris and Miss Belle Morris were guests last week of Mr. and Mrs. C. S. Morris. — Hubbard Pride and wife of Portlandville and Mr. and Mrs. J. L. Peet of this place motored Sunday to Sloanville to visit Rev. Mr. Cooper, formerly of the Milford Center church, who is now pastor at Sloanville. Messrs. Blessing and Dorn and Mrs. Brockham, old friends and neighbors, were also there at dinner. — Mr. and Mrs. David Beams and daughter, Verna, were guests at J. L. Peet's recent party.

COOPERSTOWN ACCIDENTS.

Index Girl Knocked Down by Auto—Minor Collision Sunday Afternoon. — Cooperstown, July 27.—Two auto accidents occurred over the week-end near Cooperstown, but fortunately in neither case was anyone seriously injured.

Last Saturday evening, as Miss Catherine King, daughter of Patrick King of Index, accompanied by her sister, Mary, was walking from the Index store to the trolley station, she was struck by a Ford car driven by S. T. Ansley of Johnson City, who was on his way to Cooperstown with Mrs. Ansley to visit Mr. and Mrs. Leslie Rose at their home on Eagle street. The injured girl was brought to Thanksgiving hospital, where upon an X-ray examination it was found that ligaments in her ankle were torn and it was badly strained. After re-

AMERICAN FILM COMPANY, Inc.

PRESENTS

THE DANGEROUS TALENT

A "Flying A" Special Production In Six Acts

FEATURING

Margarita Fisher, with Harry Hilliard
Beatrice Van, Harvey Clark, Neil Hardin,
George Periolat, Mary Talbot

She had been out of a job for weeks, and the only thing left in her purse was a silly Good Luck coin.

She had tried all the ordinary things, and none of them had worked.

Then it was that the extraordinary thing suggested itself to her. She remembered what the woman had said:

"Everybody's got a past. Send any one a mysterious warning—ALL IS DISCOVERED—BEAT IT!—and nine out of ten will shake in their boots."

Impulsively she connected up this piece of philosophy with her own special talent—her dangerous talent. And lo, Fate stepped in and turned on the electric current! What happened after that will electrify you with surprise, interest and suspense.

THE SAVING OF PAPER.

Everything that is made of paper is constantly increasing in price, says William Frederick Bigelow in a recent number of Good Housekeeping, and yet every week we stick into our stores and furnaces or take out into our back yards and burn over 125,000,000 pounds of paper that in one way or another has come into our homes. Most of us probably do it thoughtlessly, but there are some who see in their weekly task a contribution to an appalling national calamity in the waste of a resource which is steadily and rapidly diminishing. But, there is this at least to be said for the individual, there seems to be nothing, at least in the larger cities, where storage space is limited, except to burn the paper. Then more trees must be cut down, and every day the dawn of an America without forests draws nearer.

Community action can operate to postpone this disaster. The schoolhouse can again be called upon to render a public service. St. Louis has shown the way with an organization of more than 100,000 pupils who take papers and magazines to the schools once a week, where they are packed and sold. In two years they have saved almost 2,000 tons of paper, which has been sold for about \$35,000. The money is used to pay annuities to teachers who retire after long service and for giving relief to teachers temporarily in need. Here is a combination of two worthy services that is recommended to the careful consideration of every community that has a schoolhouse—and burns its waste paper.

This is one way of saving paper and of conserving the forests; but another is abolishing the reckless waste of paper in the great dailies, which in their great Sunday editions of millions of copies, each containing from sixty to eighty pages, are ruthless slaughterers of forest growth. A smaller Sunday paper would carry the news just as well as the smaller week-day paper does; and if there is less of the padding which goes to make up the big issue, perhaps there will be time saved to the reader for the perusal of standard books and better literature. Also it may be noted that there is great waste in the amount of paper used in the wrapping of packages. This lavish use of paper on bundles has come down from an era when paper was cheap and nobody realized the necessity of conservation. The use of just enough paper in mercantile establishments would result in great saving.

To Americans accustomed to have whatever they want and thinking that it's nobody's business as long as they pay, a stringent government regulation as to the burning and waste of paper might come as a shock, but come it very well may if the world is not to be as fully stripped of trees as the western plains have been of buffaloes.

SUMMER SALES FOR BLIND.

Two Will Be Held in Otsego at Cooperstown and Richfield Springs.

The New York State Commission for the Blind will hold two sales this summer, one at the Fenimore hotel, Cooperstown on August 3rd and 4th, and one at Bloomfield's hotel, Richfield Springs on August 6th. The patronage of the public is urged.

It must be remembered that assistance is asked for an industry, not a charity. Rugs, baskets, hearth ornaments, woven bags, scarfs and runners, household articles and knitted and crocheted goods will be exhibited for sale.

The Commission for the Blind is attempting to make a census of all persons without sight in the state of New York and is enlarging its Home Teaching and Nursing force in order to cope with the situation. Will you help by sending in the names and addresses of blind citizens in your community and all cases of serious eye trouble. Address Commissioner for the Blind, Hall of Records, New York City.

Savannah Mortgage Stands.

Justice Kellogg has handed down a decision in the action brought by George W. Merritt et al against Russell Shaw et al to have declared invalid a certain chattel mortgage on a saw mill and machinery purchased by them of E. S. Lee and asking that the defendants be restrained by perpetual injunction from interfering therewith. The complaint was dismissed and the injunction order heretofore issued vacated with costs to the defendants. Joseph Rosch of Liberty appeared for the plaintiffs and W. B. Matterson of Syracuse for the defendants.

Building Church at Harpersville.

Ira A. Sullivan and Howard L. Butts of this city are contractors for the new Methodist Episcopal church which is building at Harpersville, on the corner stone of which was laid last week. They now have thirteen men employed on the job, and more will be added and the work pushed as rapidly as possible to completion.

ATTORNEYS FIGHTING HARD.

Exhausting Every Resource for the Horke Vint Dispensers.

Judge Kellogg is finding it no easy task to straighten out the tangle in the prosecution of the Horke Vint dispensers of the city, who were recently arrested, who are represented by a goodly array of legal talent and exhausting all known resources of the law's technicalities in efforts for their clients.

The chief argument just at present centers around the power of the court to compel the return of the Horke Vint taken at the business place of DeNegris, one of the offenders, and moved to police headquarters. It will be recalled that when the papers served on DeNegris were found faulty that the court directed the return of the liquor to DeNegris, and in his case this was done before Chief Horton absented himself from the city and before District Attorney Pierson appeared in the case and informed the court that the Horke Vint was in his possession and was needed for the prosecution of the case against the defendants.

Now the attorneys for DeNegris are arguing with some force that the defendant should not be required to return to the district attorney any of the liquors seized at his place and subsequently returned to him for any such step they argue would be compelling him to furnish evidence against himself or in fact to assist in his own prosecution.

The cases were all before Justice Kellogg on Monday and there were arrayed many of the attorneys of the city bent on securing the return of the liquors seized. The attorneys of the defendants are very insistent and urge that they have a right to traffic in the stuff, alleging that the federal authorities have ruled that the stuff is a medicine and therefore legally salable. It was finally decided that District Attorney Pierson should be given 10 days in which to file briefs. After these have been filed with the defendants, they are given 10 days in which to file answers, after which Mr. Pierson is allowed five days in which to file counter briefs to the answers of the defendants.

It is intimated that the manufacturers of Horke Vint who have been having a large sale, have reaped a handsome profit on the business and they dislike to lose the money they were making. It is suggested that they are backing the defendants' cases and that not until all expedients known to the law are exhausted will they consent to having the defendants convicted on the alleged crime.

All briefs are to be submitted by August 25th and provided this is done, Justice Kellogg has promised to hand down a decision not later than Sept. 7th. The cases against these vendors promise to be among the most interesting of any that the local courts have been called upon to settle.

Franklin Bonds Oversubscribed.

When the bids for the new issue of bonds for village highway improvement in the village of Franklin were opened on Monday, it was found that it had been largely oversubscribed. The issue was for \$14,000, and had it been twice as large it would all have been taken.

The bonds are in denominations of \$500 each and are payable one bond yearly for the next 20 years. The rate of interest is five per cent.

All the subscriptions were in small amounts and at par, the largest single purchase taking \$1,000. That they were largely taken in the village of Franklin and practically all in the vicinity is evidence of general prosperity of the citizens of Delaware and of the confidence which is felt in local municipal bonds.

Chaufeur's Examinations.

Chaufeur's examinations were held yesterday at the Oneonta High school, commencing at 10.40, by Edward Murphy of Albany, state examiner, with 43 applicants, two women and 41 men. The next examination will be held in Oneonta on August 24th. Those who desire to try the examinations are advised to send in their applications at the earliest possible date.

Mr. Murphy states that for three years the department has been trying to inculcate in the minds of the general public a knowledge of traffic regulations, especially the fact that a car approaching from the right has the right of way. A thorough knowledge of traffic regulations should be acquired by those who desire to take out chauffeur's licenses.

Some people's glasses make their nose sore. We have the Asperine Nose Healing Pads. C. O. Biederman, optometrist, 151 Main street.

Why not stop at the Oneonta County creamery and buy fine pure cane granulated sugar for 25c a pound. 4c

THEY HAVE LARGE CLAIMS.

Four Motorists Injured Between Bainbridge and Nineveh Recently.

Claims which aggregate many thousands of dollars have been presented to the D. & H. company by Attorney Charles C. Flaesch of Unadilla in behalf of four motorists who were injured midway between Bainbridge and Nineveh at 10:30 p. m. on the evening of June 23rd last, while on their way to Binghamton.

In the party were Dexter H. Teed of Masonville, who sustained a fractured leg and a broken bone in one ankle with other injuries; Ray A. Woodburn of Walton, who had a fractured skull and is still deaf from the injury; Harry Clark of Walton, who had a broken cheek bone and whose back was injured; and Ray Clark, also of Walton, whose left shoulder was dislocated and his left knee injured.

Just as the car was about to make the crossing about midway between the villages named a fast freight from the north shot over the crossing and the driver of the car to avoid colliding with the train swerved to the right and the car collided with a telegraph pole with the above result. It is claimed that the engineer gave no signal and that the train did not stop after the accident. The men were dazed at the time. They were found by a New Berlin man who happened along and were taken to the Binghamton City Hospital where they were given surgical attendance. The car which was the property of Woodburn's father was badly damaged.

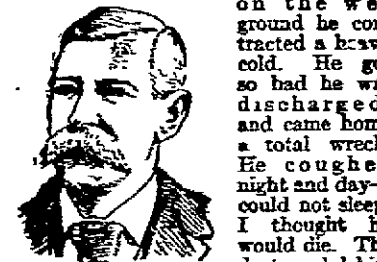

For Stenographers and Typists.

The State Civil Service commission announces that during August and September examinations for stenographers and typists will be held Saturday afternoons in Albany, Buffalo, New York City, Rochester, Syracuse and Utica and wherever in any other city or village two or more competitors desire to be examined. The examinations cover positions in the classified service in the various state departments and institutions, and also for various positions as vacancies occur in county and village service. The entrance salaries for stenographers are from \$720 to \$1,500 per year and for typists from \$600 to \$1,200 and higher. Applications must be received on or before August 24. For blanks and further information address the State Civil Service commission at Albany.

Wanted—A nurse girl at least 20 years old at 34 Main street. tf

Came Out of Army Like a New Man

Hudson, N. Y.—"In the year 1903 my uncle, Robert Stebbles, enlisted in the army and was sent South. Sleeping on the wet ground he contracted a heavy cold. He got so bad he was discharged, and came home a total wreck. He coughed night and day—could not sleep. I thought he would die. The doctors did him

no good. I had always used Dr. Pierce's Golden Medical Discovery for bad coughs and for stomach trouble with good results so I bought a bottle and had my uncle use it. In four days after starting to use it he said to me, 'Billie there is a lump in my throat and I don't cough so much.' I told him the medicine was helping him and in a few days the lump would be gone. In six days his coughing was just about over. He used three bottles of the Discovery and came out like a new man—appetite and digestion in fine shape. He was the wonder of all the neighbors as they surely thought he had consumption.

"My wife used Dr. Pierce's Compound Extract of Smart-Weed for quinsy sore throat. It is fine for gargle. Dr. Pierce's remedies are safe to use and save many doctors' bills."—W. H. RIGHTMYER.

York, N. Y.—"For some length of time I have been troubled with my liver and indigestion but have received so much benefit from using Dr. Pierce's Golden Medical Discovery that my health is very much improved. I would recommend this remedy to all who are troubled in the same way. I am satisfied that it will do everything claimed for it."—JAMES MCGREGOR.

Clearing House For Farms

No. 127—Here is a cheap fruit and grain farm of 200 acres. Fruit consists of about 100 apple and pear trees, mostly apples, in bearing, very thrifty. Trees set for large crop year. Land all tillable except about 3 acres woodland, nearly level and smooth. About 100 acres of new rye growing, nearly as much corn, some corn and potatoes. Lumber about 2 miles from railroad town, and about the same distance from New Berlin on Hudson.

Good barn, pastured, corn, bean house etc. Take springs of water on farm. Personal property consists of 2 cows, 2 horses, 2 pigs, 1 horse mowing machine, hay rake, 2 plows, 2 cultivators, 1 harrow, 1 200 lb. double harness, 1 set single harness, horse hay fork, disc harrow, spring tooth harrow, survey, buggy and a motor of 6 or 7 h.p.

For more facts and to see this farm, call on or write to: Better Farm Agency, 151 Main Street, Oneonta, N. Y.

Largest Real Estate Agency in Central New York State

Husted Farm Agency, Stamford, N. Y.

Every Why Has a Wherefore

1-PERSONNEL

A glance at the names of our Officers and Directors will convince you quickly that the affairs of the MOHAWK VALLEY INVESTMENT CORPORATION are in the hands of capable financiers.

3-RESOURCES

Our resources and financial standing are such that in all cases we purchase outright from the issuing company such securities as have been determined, after the most careful study, to be fitting investments for ourselves and our clients.

5-FACILITIES

The MOHAWK VALLEY INVESTMENT CORPORATION maintains an up-to-the-minute statistical department; is in immediate touch with the financial centers of the world through private leased wires, and its large staff of employees is most efficiently organized and directed.

7-MAY WE ASSIST YOU?

We have pleasure in placing before our present clientele and prospective clients, as well as the public generally, all the resources of our organization. Information and advice in regard to proposed investments is gladly furnished at any time.

2-CONTROL

Organized under the New York State Banking Laws—the most rigid in the United States—our transactions are supervised by the State Banking Department just as carefully and thoroughly as banks and trust companies.

4-SAFETY

Every line of securities purchased by us and recommended to our clients is first passed upon by our Board of Directors. This important matter is not left to the judgment of one or two men—it is the collective and unanimous judgment of the entire Directorate.

6-SERVICE

In every detail of our work we endeavor to give to our clients the most conscientious and intensive service. Maximum of yield, coupled with maximum of safety, is our constant objective in selecting and offering investments to our clients.

8-OUT OF TOWN CLIENTS

We will be particularly pleased to furnish advice and counsel to out-of-town clients. Exactly the same service is given to our mail order business as to personal calls at our office. Do not hesitate to write us on any investment subject at any time.

A very interesting booklet on the subject of "Investments" will be mailed you upon request. Ask for Pamphlet No. 125

LOCAL MENTION.

—Mrs. Earl C. Bates has accepted a clerical position with the Citizens' National bank and has commenced her duties.

—B. A. Traver of the Traver, Blair Company, Inc., dealers in Dodge Brothers cars, and party, left yesterday for Buffalo to drive back to Oneonta three touring cars and two roadsters.

—The street department employees oiled Watkins avenue yesterday and in appearance at least the street is as good as the paved resident streets. The oiling system now in vogue certainly is proving a success.

—Weidman's Cubs are scheduled to play at Milford today. The team was unable to get the train back from Scranton last night but is expected to arrive on the morning train in ample time to make the trip to Milford.

—The small boy of Oneonta and his father—the big boy—are looking forward with keen anticipation for the Hagenbeck-Wallace shows, the first and probably the only circus to exhibit here this year. The date, as everybody knows, is Friday of this week.

—Oneontans should bear in mind the dedication of the Salvation Army headquarters in this city, which will be held tomorrow (Thursday) evening at 8 o'clock. Col. McIntyre, head of the organization in New York and New Jersey, will have charge of the services.

Meetings Today.

Special business meeting of Luther League this evening at 8 o'clock, at the Lutheran church. The report of the Luther League convention will be read.

Regular meeting Veteran Firemen this evening at 8 o'clock.

Regular meeting of W. B. A. O. T. M., in Odd Fellows' hall, this evening at 8. New pass work will be given.

Regular meeting of Knights of Columbus this evening, in Tralmen's hall. Initiation first and second degrees.

The Church circle of the West End Baptist society will meet tonight at 8 o'clock at the church.

The New Playgrounds.

When a bunch of from 50 to 75 youngsters under the age of sixteen years get together there is bound to be something doing, at least such is the report of Harold Taylor who is in charge of the public playgrounds in Neahwa park. Although the present location is not so readily adapted to the wants of the boys as the one which they formerly occupied near the bungalow, large numbers of boys avail themselves each day of the opportunity to go to the park and use the slide and swings. Many more spend their time in playing indoor baseball and other sports there.

Methodist Sunday School to Picnic.

The annual picnic of the Methodist Episcopal Sunday school will be held at Neahwa park on Thursday afternoon. Supper will be served from 3 to 7. Members and friends of the school are cordially invited. Those not solicited, please bring sandwiches. Harold Taylor, superintendent of the summer playground, will have charge of the boys' sports, while the games of the girls and small children will be under the direction of Miss Hannah Hickok. A baseball game is hoped for between the Normal students and young men of the school.

Y. M. C. A. Boys to Camp Out.

About 14 boys, members of the local "Y," have declared their intention of taking part in the over-night hike which has been promised. The boys will go to Colliers today and make a camp on the flats of the farm of George T. Russell until late in the afternoon of Thursday, when they will return to their homes. All look forward to an enjoyable trip.

A Careless D. & H. Chap.

He lost his pocketbook containing \$34.00 at the D. & H. shops yesterday and an honest sweeper found and returned it to him. Well, he was a lucky guy, for honest men like this sweeper aren't always to be found and it's a warning to careless chaps not to carry money in their pockets where it earns nothing, but to place it with other amounts at compound interest and where it is planted on first mortgages on improved real estate, the safest security known and where small and large amounts of little fellows are safely made to roll up to several million dollars. Such careless chaps had better get in with my new bunch of little fellows who are now starting to safely roll up half a million dollars and where Uncle Sam and the state helps me to safely keep money from being lost, fooled away or stolen. I am the safe and sane Oneonta Building and Loan association. It

DELIVERS STRONG APPEAL

CHURCH MUST LOOK FORWARD,
RECTOR STAUNTON TELLS
ST. JAMES' PARISH.

Forty-Ninth Anniversary Observance Comes to Successful Close Last Evening—Mayor Ceperley Another Speaker—Reception and Dance Follow Addresses.

A stirring appeal for the church to look forward, not backward, and to press on to higher goals, was delivered at St. James' Protestant Episcopal church last evening by Rev. John A. Staunton, rector of the church of the Good Shepherd at Birmingham, at the closing services of the observance of the forty-ninth anniversary of the founding of the parish in Oneonta.

Rector Staunton, who spoke to an audience that filled the church to its eaves, opened his address with an anecdote of how a white man came upon an Indian and his squaw one day. They were drawing a heavy load of wood and instead of both pulling it, the Indian was sitting on top of the load while his squaw was tugging with all her might and main in an effort to move the load. When the white man asked the Indian why he did not get down and help his wife pull the load, he explained that he got on the load "to steady it."

"This is the way with many people in the church," continued Mr. Staunton. "Instead of helping to accomplish an object for which the church is striving, they are 'steading' it and accomplishing nothing. Although the rector is the leader of the parish, he needs the support and the church can only accomplish the great things by everyone pulling together."

Rector Staunton's address, which was indeed an inspiration to hear, dealt little with the past history of the church but more to the possibilities of its future. He referred to the fact that the parish was outgrowing its church edifice and urged a movement for the enlarging of the present structure.

"Not only should the material church be enlarged," he added, "but its spiritual work should also be broadened. There are greater things than the material world, and the church should do its part in the upbuilding spiritually and morally of a community."

A feature of the services was the boys' choir, which sang in excellent voice and presented a fine appearance. The 15 boys who compose it met at the parish house prior to the service and marched into the church led by the crucifer and with the flag-bearer.

Following the services in the church, a majority of those present repaired to the church lawn for an informal reception. The Ladies' guild had prepared ice cream and cake and this was served to a large number. Electric lights had been strung about the lawn and it presented a very attractive appearance.

Mayor Andrew E. Ceperley was then announced and gave a talk in which he alluded to the upbuilding of St. James' in Oneonta and to the fact that many of Oneonta's founders had been members of the parish. What would a community be like without the church? he asked, and painted a word picture of the many good things that could be done by a church fully united in its cause and with definite goals in view.

Following the mayor's address, which was much appreciated by the parishioners, dancing continued until a late hour in the parish house, music for which was furnished by Wood's orchestra. Thus came to a close one of the most delightful occasions in the history of St. James' church and an event that should do much to stimulate interest in the work of the church.

Will Increase Seating Capacity.

The seating capacity of the High School gymnasium, which in former years has proved inadequate for those who desire to witness the games, is under process of expansion. Two extra tiers are being constructed, one on the incline and one on the floor of the gymnasium, and other minor repairs are being made.

Something Real.

Who wants a real house? It's located on one of the best paved streets and has all improvements of course. Now anyone that wants a nice place within three minutes of the post office, on a street that cannot help but being considered the best in town, cannot help but appreciate this offering. Immediate possession can be given if desired. Tillinghast & Collier, 234 Main street. Phone 557-J. It

LABOR DAY CELEBRATION

Various Organizations of City Planning for Big Day of Observance—Meeting called for Thursday Evening at B. of R. T. Hall—All Labor Men Invited.

A movement is afoot among the various labor organizations of the city which, if carried out, as with practically no doubt it will be, will result in the biggest celebration of Labor day which ever has been held in Oneonta. Members of all labor organizations, including the railway brotherhoods and the trade unions, who have been consulted are enthusiastic over the project, and it is believed that the orders will unanimously cooperate in the project. As tentatively outlined, the program will consist of a parade in which all the labor organizations of the city will take part; speeches by prominent officials of the grand organizations of the brotherhoods and unions, and field day exercises which it is expected to hold in one of the city parks. In connection with the parade it has been suggested that there will be appropriate symbolic floats of all labor organizations of the city.

A meeting will be held tomorrow (Thursday) evening, at 8 o'clock, in the B. of R. T. hall, on Main street, which all members of labor organizations in the city are urged to attend. The matter will be fully explained and discussed, and if it meets with general approval, as there is every reason to believe it will, officers will be appointed, committees named and the work of getting ready for the big event will at once begin.

The project is one that will make a general appeal. Not, since the early days of Labor Day celebrations has there been any considerable gathering of this sort in Oneonta, and the circumstances this year are believed to be extremely favorable for such an event. Members of the various orders are again urged to meet at the B. of R. T. hall tomorrow evening.

MILLER-STRONG OPENING.

Local Chain Drug Store Ready for Business Saturday Morning.

The local store of the Miller-Strong Drug company will open for business on Saturday at 9 a. m. with an orchestra, flowers and many opening specials. This branch, which is worthy of any metropolitan city, is the twenty-second and there soon will be 25, as three other stores now under construction are to be opened shortly. The opening will be under the supervision of Walter Murdoch of Oneonta who will be temporary manager.

Miss Helen A. Crane, domestic science teacher at the High school, will have charge of the luncheonette and soda fountain. Although greatly delayed through inability to secure the delivery of equipment and materials, alterations and the installation of equipment are now practically completed and much of the merchandise is in place in the show cases. The walls and the ceiling have been redecorated in white, an attractive front is in place, and the floor is being constructed in an effective design of alternate green and gray diamonds. There will be a man's department, a subscription department, a candy department, and in the rear portion of the store an ice cream parlor with capacity for 60 people.

Queen Amelia Court to Picnic.

Members of Queen Amelia court and their families are invited to picnic at the camp of Mr. and Mrs. Irving Foster Thursday afternoon and evening. Bring dishes and silver, sandwiches and covered dish.

We are opening a school to teach glove makers and want about 25 girls to start with. We pay good wages while you are learning and you can soon become first class operators and earn big money. File your name at once as we expect to start this school within the next two weeks. Apply Julius Kayser & Co., Wall street, Oneonta, N. Y. 6c

TROLLEY HEARING IN PROGRESS

Men Are Presenting Evidence as to Times, Wages and Conditions.

For the past two days the arbitrators named to decide the differences between the trolley company and its employees have been sitting at the court house in Cooperstown and hearing the evidence on the side of the men. The hearing will be continued today, after which it is expected that adjournment will be taken as Judge Willis, who is appearing as attorney for the company, has engagements elsewhere that necessitate his absence. The adjourned date had not been agreed upon last evening.

In all, eight or nine witnesses have testified for the men and their evidence has been along a line of living conditions, wages received as compared with other men in like occupations about the state and the hours and condition of service on the trolley. The men are showing a substantial increase in needed to enable them to meet living conditions.

Attorney Merritt Bridges of Morris is really the arbitrator, the representatives of the men and the company are in fact partisan supporters of the side they represent. Mr. Bridges has displayed a desire to bring out all the facts in the case and both sides are agreeing that he is proving a good selection. Miss Kathryn Lynch, stenographer of the surrogate's court, is taking the evidence.

Mrs. Fred E. House of 7 Watkins avenue left last night to visit her parents Rev. and Mrs. W. L. Phillips in Norwell, Mass. While away Mrs. House will visit friends in Exeter, New Hampshire, and surrounding community.

Mrs. Harold Barnes and son, Stewart, who had been visiting at the home of Mr. and Mrs. P. W. Price of Upper East street, left yesterday for Binghamton accompanied by Mrs. Barnes' brother, Leslie Price, who will visit at the home of Mrs. Barnes.

Mrs. Blanche Guyette and daughter, Miss Marvel, both of Rutland, Vt., are the guests of Mrs. V. L. Bartow, an aunt of Mrs. Guyette, to remain for several weeks or until school opens.

Mrs. Bartow had as her guest yesterday for the day only Mrs. E. O. Wyman of Afton.

Miss Anna Couse left Tuesday morning for a motor trip through the Catskills and down the Hudson. Mrs. Couse will spend her two weeks' vacation from her duties at the Oneonta Department store with her sister at Walden, and with friends at other places of interest in Southern New York.

Slas J. Wright of West Winfield, where he is a successful flour and feed merchant, a former teller at the Wilber National Bank, was in the city yesterday calling on friends. He was accompanied by his daughter, Miss

Canoeists' Cold Plunge.

Raymond Glazier of Hotel Georgiana at Binghamton and his friend, Garry Cornish, also of Binghamton, were in the city yesterday morning for a short stay while on a canoe trip down the Susquehanna river from Colliers to Binghamton. They found Monday night rather cool for camping on the river banks, which however they did not mind half as much as they did the experience of being overturned in the cold water in the early morning hours of yesterday, soaking their clothing and all their effects, including the contents of their pockets even. They were plucky however and after securing some "grab" they continued on their way, hoping for more favorable weather.

To Drive in Fords.

W. S. Polley, Clarence Roth, Harry Austin, J. Sprague of East Meredith, E. A. Nichols of Cooperstown Junction, Mr. Klindt of East Meredith and Carr Peck left yesterday for Buffalo to drive seven Ford cars, all sold, back to Oneonta for the Oneonta Sales company. On Friday, men will leave Oneonta for Buffalo to drive back a second consignment of eight Fords for the company.

Attended Soldiers Reunion.

Among many members and wives who attended the reunion of "Upson's Regulars," the 121st regiment of New York volunteers, held at Ilion yesterday in addition to those mentioned in The Star of Tuesday were Charles N. Merrills of Laurens, Mr. and Mrs. Charles Nichols of Morris and Mr. and Mrs. Morrison Hadsell of South Valley.

Funeral of Miss Mary Cassidy.

The body of Miss Mary C. Cassidy, mention of whose death appeared in The Star of Tuesday, was taken yesterday to Union, where the funeral services will be held Thursday at 2 p. m. at the home of her brother, John Cassidy. Interment will be in the Union cemetery.

The average American housekeeper is a good judge of values and quickly discerns real worth. She is buying Hygrade brand butterine in ever increasing quantities.

Furniture for Sale.

Mahogany parlor cabinet with bevel plate glass mirrors, in fine condition. Fred N. VanWie, 5 West street.

Bertha, who in a few weeks will commence a clerkship at the Citizens National bank here.

Mrs. Jennie Noxon and daughter, Miss Mildred Noxon, of Fort Washington, L. I., who had been visiting friends in Johnson City and Binghamton, were in Oneonta yesterday en route to Westville, where for some time they will be guests of the former's parents, Mr. and Mrs. T. P. Gano.

A "PEACH"

makes delicious ice cream when the fresh fruit is used. Only fresh peaches, strawberries, raspberries, etc., used in our creams while they are in season. Purest and richest cream and milk and finest ingredients only. Costs a little more than cornstarch or gelatine ices—and well worth it.

MARRIAGES.

Fuller-Gibson.

Thursday morning, at 10:30 o'clock, Miss Edna Frances Gibson, daughter of Mr. and Mrs. James Gibson, of 336 Chestnut street, was united in marriage to Leslie Hiltz Fuller, of Oneonta. The ceremony was performed by Rev. Charles C. Volk, pastor of the bride, at the Methodist parsonage, Oneonta. After the ceremony, the young people departed for Niagara Falls on a wedding trip. They will reside at 17 Columbia street, Oneonta. Their friends join in extending congratulations and best wishes.

Middaugh-Ballard.

Charles B. Middaugh of Horseheads, Chemung county, and Miss Belle L. Ballard of 29 Broad street, this city, were united in marriage at the First Methodist parsonage on Monday, July 26, by Rev. Dr. R. M. Johns of that church. Mr. and Mrs. Middaugh will reside at Horseheads after a short wedding trip.

Charged With Non-Support.

Leroy Lardie was brought into police court yesterday on complaint that he was a disorderly person and had failed to support his family. The case was tried before City Judge Huntington and Lardie was paroled in the custody of Police Attorney Lee VanWort and ordered to pay \$12 weekly for the support of his wife and child.

Births.

Born, July 26, to Mr. and Mrs. Charles Jennings, of Cooperstown, a 7-pound son. Mrs. Jennings is better known as Miss Frances Trask of Maryland.

Fined Five Dollars.

Charles W. Cass was arrested yesterday for violating the motor vehicle law and when arraigned before Judge Huntington he was fined \$5.

Big Dance at Sherman Lake Thursday. New band—New music. Thursday, July 29.

Don't forget the tire sale now going on at the Francis Motor Sales company, 299 Main street.

Fine job printing at Herald office.

Our Great Annual Mill End Sale

Bids Fair to Eclipse All Former Records

Always a big event. This Mill End Sale started off way beyond our expectation. Our policy of doing things forcefully, quickly, without dallying or quibbling was never more forcibly demonstrated than in this sale; regardless of increasing costs, we've named clear-away prices that thronged the store from the opening to the closing hour. You too should anticipate future needs while this sale is in progress.

Take Notice—Our store will close Thursday at noon for clerks half holiday.

DELAWARE COUNTY NEWS

CHAUTAUQUA AT DELHI.

Opening Entertainment and Lecture Are Well Received by Patrons.

Delhi, July 27. — The Community Chautauqua, which has delighted Delhi audiences for the last few years, again made its appearance on Saturday afternoon. In former years the tent has been pitched in the more central part of the town, but it was thought by many this year to place it on the Academy campus, which

After the Game— STOLLO and TANG-O

After strenuous exercise there's nothing more refreshing than a creamy topped glass of Stollo or Tang-o. These are true sportsman's beverages brewed from choicest hops, malt and cereals. Stollo and Tang-o put pep and energy into tired nerves and muscles. They are as body building as they are refreshing.

Stollo and Tang-o are companion beverages. Stollo is light and Tang-o is dark. Let your own taste judge as to which is better.

Stollo (light), Tang-o (dark)—dispensed wherever drinks are sold and in cases for home use

Someone is Lying.
Except of a conversation between Jim Neill and his brother "Juice." Pike Ewing of the C. R. yard. "The fool kid didn't have sense enough to let go of the bar he had on his shoulder when he felt the floor dropping away from his feet and, of course, when the old magnet added the bar to the under side of the plate it was carrying down the shop, the kid went with it. The worst of it was the crane-man couldn't turn off the juice and release the kid without dropping the plate on top of him at the same time, so—"

"I s'pose they had to let the kid hang there and starve, huh?"—Heave Together.
As It Seemed to Her.
Dorothy was taken to see the circus. She was very much interested in everything, especially the acrobats. On returning home she was excitedly giving an account of what she had seen, ending up with: "And there were some people flyin' in the air with their bathin' suits on."

AUTO BRAKE IS OFTEN MISUSED

Should Be Frequently Inspected to Insure Proper Protection to Machine.

QUICK STOPS ARE HARMFUL

Effect on Car Is Not Such as to Increase Its Serviceability—Many Accidents Could Be Avoided by Overhauling.

An automobile is entitled to the same protection as a house. If one of the other is in danger of being destroyed or damaged immediate steps should be taken to prevent the possible loss.

As regards the automobile the greatest measure of protection is in good brakes. They should be regularly examined and adjusted. The brake linings are worn asbestos and copper wire and while nonburnable they will wear in correspondence with their judicious use or abuse. The brakes must be so adjusted that the linings bear evenly and with the same pressure on the brake drums.

Unfortunately the average driver does not use his brakes with any degree of discretion. He knows that they will stop the car and as a consequence keeps moving at his accustomed rate of speed until almost abreast of the point where he wishes to bring the machine to a stop. Then the brakes are suddenly applied and the car abruptly stopped. The average motor car weighs in the neighborhood of 3,000 pounds or more, and to bring this much weight to a sudden stop when traveling ten miles an hour or better requires the exertion of some pressure. It not only tends to wear the break out faster than necessary, but the effect on the car as a whole is not such as to increase its serviceability.

Many of the accidents that occur today could be avoided if the owner would but take a few minutes' time every week or ten days to himself examine, or have it done for him, the braking system of his car. Perhaps the last time that it became necessary to apply the brakes suddenly they functioned properly but when needed again in an emergency were found inefficient. Collisions many times occur because the brakes fail to work.

One way to insist upon good brakes is for the police department when investigating an accident to examine the brakes of the car or cars concerned and if they are found to be inefficient make this prima facie evidence of the guilt of the driver of the car. Motormen on the street cars, though they use the air brake the greater portion of the time, are required at fire stops to use the hand brake. This is not because the hand brake is more efficient than the air, but to insure that it is in serviceable condition if it should become necessary to use it on account of the failure of the air. Certainly if this is good policy on a street car the same attention should be good for the motor car, be it passenger car or truck. When they are running about the streets of the city with faulty means of bringing them to a sudden stop in case of necessity they are a source of danger not only to the occupants of the car itself, but to the other users of the streets as well.

Success Through Optimism.
At one time while building the Panama canal there were eight thousand men engaged in the Culebra cut alone. Every night as much soil slid into the cut as could be taken but during the day. But there was not a sign of discouragement—the men enjoyed the fight. Colonel Goethals walked through the cut one morning just after an extensive slide. The foreman had been on the job since midnight.

"Well, how is everything this morning, Mr. Hogan?" asked Goethals.
"Fine, Colonel, fine. It buried that steam shovel over there and tipped over two batteries of drills and covered all the tracks through the cut but one, but everything's fine, sir. We're diggin'."—H. H. Moore in The Youth of a Nation.

Assyrian "Ambassador."
The Lady Surma d'Mar Shimun has arrived in London as the official ambassador from the Assyrians in the Kurdistan mountains, says the Argonaut.

Very handsome, not unlike the queen of Montenegro in profile, very bright, lively and animated, Lady Surma d'Mar Shimun is only a little more than 30 years of age. Of fine physique, she is also a highly cultured woman, so cultured that the archbishop of Canterbury closed a recent interview with the "ambassador" with the remark: "It is extraordinary to find so much civilization where one could naturally have expected barbarism."

Monopoly of Mocha Sheepskins.
The world's supply of Mocha sheepskin is obtained by about a dozen buyers, who have their native collectors in caravans to collect the skins at various centers, of which Mocha, Berbera, Zeylah and Hodeidah are the main points, from which they are sent to Aden, a British coaling station, which, on account of the exact location, is the shipping point for skins sent to London, the continent of Europe, and the United States.

Would Please Him.
Lindsey had the little hen fast and was trying to bring her head close to the ground. "What might you be trying to do?" exclaimed her father coming upon the small girl in the yard. "I'm trying to make this hen say her prayers." "Well," said the parent sadly, "I hope she'll say: 'Now I lay me.'"

Washington's Ice Melted.
George Washington put up ice. In January, 1775, his diary showed he filled a dry well under a summer house and another well in a cellar. Under date of June 5 he wrote in his diary: "Opened the well in my cellar in which I had laid up a store of ice, but there was not the smallest particle remaining. I then opened the other repository, in which I found a large store."

Save Money—Put Goodyear Tires on Your Small Car

Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires of the 30 x 3, 30 x 3½ and 31 x 4-inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 3½ Goodyear \$23.50
Double-Cure Fabric, All-Weather Tread.

30 x 3½ Goodyear \$21.50
Single-Cure Fabric, Anti-Skid Tread....

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly castings when such sure protection is available? 30x3½ size \$4.50 in waterproof bag.....

MOTOR GASOLINE
STANDARD OIL CO. OF NEW YORK

The sign of a reliable dealer and the world's best Gasoline

The Cogswell Memorial Clock at Central Falls, Rhode Island, built to commemorate the Cogswell family, who were among the early settlers in Rhode Island.

Every motor highway and byway throughout picturesque New England and New York is a part of the long "Socony Trail".

THE number of conveniently located Socony gasoline stations is always increasing. All over historic New England and New York State, Socony service has grown with every community.

The Socony standard of service has always been to furnish Socony products wherever the need for them—however small—was manifested.

As a result, the scope of this service has been constantly broadened. The public requires motor fuel and oils of Socony quality. Motorists demand them because they are uniformly clean and efficient—none better are produced today.

Those most interested in gasoline economy—large users—have found that the regular use of one standard motor fuel of uniform quality gives the greatest satisfaction over long periods. There is less carbonization, a permanent carburetor adjustment is possible as well as more accurate checking of mileage.

You can fill up regularly with Socony gasoline almost anywhere from Eastport, Maine, to Lockport, New York, and from Long Island to the Canadian border. Begin today!

Look for the red, white and blue Socony sign.

It Is Iron In The Blood That Makes Iron Muscles Like These—

Physician Explains a Secret of the Great
Power and Endurance of Athletes—Tells

How Organic Iron—
Nuxated Iron Helps Build
Rich, Red Blood
That Gives Physical
Strength and Energy

To touch the arm of a strong, sturdy man—to feel the steel-like firmness of those muscular sinews—to think of the tremendous force and power that must lie behind such strength—these are thrills that come to the thin-blooded men and women whose own bodies are weak and physically unfit.

It takes men of red-blooded force and power to hit the sledge-hammer blows that count—and whether you are a pilot-driver or a bank president you cannot expect to win out against odds forever unless you are a man of iron—constantly able to strike and strike hard.

There are countless numbers of men today who at 40 are broken in health and steadily going downward to physical and mental decay, says Dr. John J. Van Horn, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City. "Yet there are thousands of such men who undergo a most remarkable transformation the moment they get plenty of the right kind of iron into their blood to give increased energy and endurance. To help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that physicians should, at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

If you are not strong or well you owe it to yourself to make the following test: See many another like you gone down 45 long years how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while his opponent was weak and tired.

NUXATED IRON
For Red Blood, Strength and Endurance

Sold in This City by City Drug Co. and G. S. Slade and All Good Druggists.

Examination for P. O. Clerk-Carrier.

It is announced by the United States Civil Service commission that an open competitive examination will be held in this city on August 14 for the position of clerk and city carrier in the Oneonta post office. Application blanks can now be obtained of Postmaster Beams and any men interested in the position would do well to see him.

Clerks in offices of the first and second classes, and carriers in the city delivery service, are divided into five grades, the basic salaries of which are \$1,400, \$1,500, \$1,600, \$1,700 and \$1,800 per annum, respectively. Clerks and carriers will be promoted successively after one year's satisfactory service in each grade, to the next higher grade until they reach the fifth grade, basic salary \$1,800 per annum. Promotions of both clerks and carriers will be made at the beginning of the quarter following the expiration of a year's satisfactory service in the next lower grade. Clerks and carriers of the highest grade are eligible for promotion to the supervisory positions in their respective offices.

If you have some money to loan I can place \$1,000 for you first mortgage, city property, at six per cent. R. F. Howland, Phone 349.

HERD OF ELEPHANTS.

Seen with the Hagenbeck-Wallace Circus on Friday.

What is so interesting on circus day as the elephant? And yet, there is said to be little known of this animal by the average person. The majestic Hagenbeck-Wallace circus which is to exhibit here on Friday, July 29, is to bring a large herd of elephants and in advance gives information of educational value pertaining to these animals.

There are two species which constitute the elephant family. They are the largest of living land animals. The jungles of India are the homes of the better known species, while the other species is found in the forests of Africa. The average male is eight to 10 feet in height and weighs from five tons upwards. In their native countries they are estimated to live for 200 years at times and when in captivity many reach the century mark.

As its weapon of defense the elephant used its trunk, which is so powerful that the animal can crush a man to death with it. The natural enemies of the elephant, besides man, are the rhinoceros and the tiger.

Elephants are generally caught in strongly built stockades. The captors circle about the herds, chasing them to the open doorway of the stockade. Once the beasts are in this enclosure, a heavy door is closed and the process of taming is carried on.

After being tamed, the animals are easily trained, this generally taking a period of a few months. Methods of training vary in details, but after the first severe lessons, the trainer generally finds gentleness effective. The animals often become so gentle that children can be trusted to play with them.

The Hagenbeck-Wallace circus has many novel trained animal acts this season, among some of them being the riding lion, puma, tiger and many others. The equestrian features are declared to contain the best of European features and American novelties.

No Time for Interruption.

"However deplorable the fact may be, playing two-handed pinballs at 25 cents a hand is one of the favorite diversions of commuters between this city, New York, Atlantic City, Cape May and other commercial outposts of Philadelphia. One man, who carries his pleasures as well as his worries home from work, was playing pinballs in his library the other evening with a cronie, when the butler entered and handed him a telegram. He returned it unopened. 'I'll look at it later.'"

"But the messenger is waiting, sir," the butler respectfully remonstrated. The financier read the telegram. It said: "Struck 8,000-barrel gusher today. Everything fine."

"Confound you, Thomas, why did you spoil my game?" he cried. He didn't care nearly so much about the fortune he had made, as about the 25 cents he was in danger of losing. —Philadelphia Public Ledger.

Found "News" Exaggerated.

Believing that the United States was in the throes of a railroad strike and not a wheel was turning, Frederick R. Bartlett, wealthy sugar dealer and engineer, of Easton, Md., arrived at New York on the steamship Maracaibo from Venezuela with a powerboat and enough gasoline to run it to his home town. Reports received in the South American republic, he said, had indicated that he would have to make his way home without the aid of railroads or even automobiles, because of the gasoline shortage.

When Mr. Bartlett found railroads were operating he decided nevertheless to make a water trip to Easton. So the boat was slung overboard and with his wife and daughter he chugged away for home.

Some Huckleberries.

S. A. Clinton returned to his home in Oneonta last night after a visit with the family of his daughter, Mrs. T. C. Budlong, at Schenectady. He visited while there a huckleberry field covering about 500 acres near Albany to which there are many pilgrimages from peoples in all sorts of vehicles from the most expensive motor cars to the poorest of horse drawn vehicles. He brought with him one twig from a bush upon which there are by actual count 150 well developed berries. It is a monstrosity so far as many huckleberry pickers in this section can recall.

Drop in Grain Market Prices.

There has been for several days a decided drop in the prices of the grain market and while it was anticipated by dealers and others it has been more marked than had been expected. It is generally hoped that it will result in a drop in the prices of cattle feed, etc. The tendency is encouraging to say the least.

(Concluded from Page Three.)

came into collision. Mr. Trouswell was coasting down the hill near Grasslands, which is surrounded by a high stone wall, and did not see Miss Marble approaching, with the result that the two cars came together with considerable impact. The Ford car of Mr. Trouswell suffered a broken wishbone and Miss Marble's Saxon had an axle and fender broken. No one was injured.

Fire Fighters Kept Busy.

Cooperstown's fire department is being kept busy these days answering alarms. Monday afternoon, at 4 o'clock, the boys were called to the home of Charles F. White on Lake street, which is occupied for the summer by Judge and Mrs. Gavan. The fire had started near the fire place but was put out before it did much damage.

Improved Traffic Conditions.

There was noticeable improvement in traffic conditions about the village when Cooperstown's new motorcycle policeman took up his duties Monday. Motorists appeared to be more considerate of the rights of others and there was less speeding. So far as is known, no arrests were made for traffic violations, although the officer spoke to several motorists who were heedless of traffic laws.

Proceeds of Sale Stolen.

About \$15, representing Friday night's proceeds of the ice cream sale conducted by the senior class of the Cooperstown High school at the Chautauque last week, were stolen from the tent near the entrance to the Chautauque that night. The electric lights had not been working properly

and when they went off for a while somebody evidently helped himself to the money box. No trace of the offenders has been found.

Baskets Must Be Full Measure.

Worcester, July 27. — It has come to the attention of the State Department of Farms that some farmers and berry growers are using berry boxes which have been used before and in some cases these baskets are of the old short measure type which are now prohibited by law.

Commissioner Eugene H. Porter has instructed the Bureau of Weights and Measures and all city and county sealers to stop this practice and where necessary prosecute. There is no objection to using a basket more than once provided it is full measure, and the local ordinances permit of its use in this manner. A quart basket should have a capacity of 67.2 cubic inches.

Middlefield Home Bureau Meeting.

Middlefield, July 27. — The Home bureau will meet at its rooms for an all-day dressmaking demonstration Wednesday, at 10 o'clock. Miss McMurtin will be present. Each member bring her own sandwiches and one other dish for dinner. The members are also requested to pay the secretary at this time their part toward the store.

Ford
THE UNIVERSAL CAR

The Ford Runabout is a perfect whirlwind of utility. Fits into the daily life of everybody, anywhere, everywhere, and all the time. For town and country, it is all that its name implies—a Runabout. Low in cost of operation; low in cost of maintenance, with all the sturdy strength, dependability and reliability for which Ford cars are noted. We'd be pleased to have your order for one or more. We have about everything in motor car accessories, and always have a full line of genuine Ford parts—give genuine Ford service.

Oneonta Sales Company
Market St., Oneonta

When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cord.
